

***Sexual Assault and Harassment on Campus  
A Roundtable Discussion of UCLA's Prevention and Response Efforts***

Monday, December 15, 2014  
11:00am – 1:00pm

James West Alumni Center  
University of California, Los Angeles  
325 Westwood Plaza Los Angeles, CA 90095

**Agenda**

*One in five women and one in seven men will experience sexual assault during their college career. In less than 5% of incidents the attack will be reported to law enforcement. Most frequently victims choose not to report believing the crime will not be taken seriously by authorities. Despite federal and state laws that require specific prevention education, reporting, and response activities, there are critical questions about whether campuses are doing enough to protect students. This roundtable discussion will examine efforts at UCLA to improve the handling of sexual assault complaints, and to strengthen education and prevention programs.*
