▲ Data requested but not available from jurisdictional agency.

◆ 1 campus non-residence hate crime characterized by religious bias was reported; the category of crime was simple assault.

Please Note:

⚙ In recent years, the Department of Education (DOE) clarified the definition of public property. As of 2010, UCSB is no longer including all of Isla Vista in the public property reporting category; UCSB is only reporting statistics that meet the limited DOE definition of public property. For information on how Clery Act crimes are defined, please access the U.S. Department of Education Campus Security Web site at: <http://www.ed.gov/admins/lead/safety/campus.html#handbook>.

UCSB makes a good faith effort to obtain public property data from local law enforcement agencies. This information is not always readily available or maintained by other agencies in accordance with the Clery Act definitions and/or requirements.

The non campus category includes student organizations including fraternities and sororities located off campus.

Additional data on reported crimes in Isla Vista not reflected in this report are maintained and available from the Isla Vista Foot Patrol.

The Clery Act did not require the collection of Domestic Violence, Dating Violence and Stalking statistics prior to 2013.
